

STA 304H1F-1003H Fall 2019

Assignment 1

Instructions:

- This is individual assignment. It is worth 50 points, this includes 5 marks for excellent presentation.
- Use proper statistical terminology and write in plain English.
- Use Rmarkdown (word or latex) to compile your solution as a PDF file.
- Submit your solutions with relevant R code included as a pdf file via **Crowdmark by 23:59 on Thursday, September 26, 2019**

Notes:

- E-mail submission will not be accepted.
- Late assignment will be subjected to a penalty of 15% per day late.

Answer all three (3) questions, showing all your work where appropriate.
